Customer's Application:

FAQ:

Q: What is the normal product lifetime of Good Display LCDs?

A: For standard products, it is a minimum of 3 years. If a model change is required due to component end of life, then we will try every effort to make the new module backward compatible.

Q: Do Good Display LCDs have CE certification?

A: CE certification is typically given to end products. Since the LCD is a component, it does not carry CE certification.

Q: Are your TFT LCDs RoHS compliant?

A: All of Good Display TFT LCDs are RoHS compliant. Please contact sales cassie@rxxdisplay.com for confirmation.
